# PROLOGUE

It was just another ordinary day . . . until Sonic, hero of justice, is accosted by a secret military force code-named G.U.N.

Escaping the confines of a high-security helicopter, Sonic leaps down into the city streets in an effort to flee from his captors. Suddenly, a mysterious black hedgehog appears in front of him, grasping a Chaos Emerald in his hands. Meanwhile, across the globe, unexplained incidents occur following the declaration of world conquest by Eggman himself.

Once aware of the connection between Shadow and Dr. Eggman, Sonic begins his quest to stop their evil plan, helped along the way by his old friends: Tails and Knuckles.

While searching for a top secret weapon known only as "Shadow," the evil genius, Dr. Eggman, penetrates the security of a high-level military base. Deep inside the compound, Dr. Eggman discovers that the weapon is actually a black hedgehog claiming himself as the "ultimate life form," a creature known as "Shadow."

Shadow invites Dr. Eggman to Space Colony ARK and reveals the Eclipse Cannon—an enormous weapon capable of destroying the world, more than enough to entice the evil genius to help out Shadow in his quest to conquer the world.

Just as they begin to revel in their plan for destruction, the villains are startled by a menacing bat named Rouge who offers her help as well.

Thus, the plot to conquer the world begins . . .

# STARTING THE GAME

# GAME MODES

In the beginning, you can only play the Story Mode for 1P PLAY, and the Action Mode for 2P PLAY. As you continue with your progress, if you meet a certain requirement, new modes will be enabled.

## STORY (1P PLAY)

Play the role of either Hero or Dark, and play to advance the storyline.

### STORY SELECT

When the Story Mode is selected, you will be asked which story you would like to play: the Hero Story or the Dark Story. Use ◀▶ to select the story and press A to enter.

### GAME FLOW

The game flows in the following manner: Stage Introduction → Action Stage → Next Stage. If you obtain a Chao key, you can visit Chao world after clearing the stage.

## HOW TO PLAY ON EACH STAGE

There are four types of stages in the game, and a specific character is assigned for each stage. You will be given a mission to clear each stage. If you successfully clear the stage, you will advance to the next stage.

### HIGH-SPEED ACTION STAGES

- ① SCORE
- ② ELAPSED TIME
- ③ NUMBER OF COLLECTED RINGS
- ④ REMAINING LIVES
- ⑤ ACTION FOR B BUTTON
- ⑥ SMALL ANIMALS AND CHAOS DRIVES COLLECTED

You play as Sonic and Shadow in high-speed Action Stages, where your main objective is to reach the Goal Ring before your opponent.

### LOCK-ON SHOOTING STAGES

- ① SCORE
- ② ELAPSED TIME
- ③ NUMBER OF COLLECTED RINGS
- ④ REMAINING LIVES
- ⑤ ACTION FOR B BUTTON
- ⑥ SMALL ANIMALS AND CHAOS DRIVES COLLECTED
- ⑦ HEALTH GAUGE

You play as Tails and Dr. Eggman in Lock-on Shooting Stages, where your main objective is to reach the Goal Ring. But unlike other characters, Tails and Dr. Eggman must stay aware of the HP of the vehicles in which they are riding because they will lose a life if their HP gauge is completely depleted or if the vehicle falls off the stage.

## HUNTING STAGES

- ❶ SCORE
- ❷ ELAPSED TIME
- ❸ NUMBER OF COLLECTED RINGS
- ❹ REMAINING LIVES
- ❺ OBJECTIVES COLLECTED
- ❻ ACTION FOR B BUTTON
- ❼ SMALL ANIMALS AND CHAOS DRIVES COLLECTED
- ❽ TREASURE RADAR

Unlike the other four characters, Knuckles and Rouge engage in treasure hunting. In order to complete the stage, they must collect both specified objects. Once they move into the vicinity of a desired object, the radar at the bottom of the screen will begin to flash from green to yellow to red as the character moves closer to the object. You can obtain hints for the location of each object by viewing the monitor screens. Since these stages are not a race to reach the Goal Ring, no point markers will appear.

## KART STAGES

- ❶ ELAPSED TIME
- ❷ TIME LIMIT
- ❸ NUMBER OF COLLECTED RINGS
- ❹ REMAINING LIVES
- ❺ TIME ELAPSED TO REACH THE CHECK POINT

On both sides of the Story Mode, there is one Kart Stage where you will drive a vehicle. Press and hold the **A** Button to accelerate, **B/X** to brake, and **←/→** to steer. If you collect 20 or more rings, you can boost your kart for a short period of time. There are two check points, dividing the course into three sections. There is also a time limit to reach the check point, and you will lose one life if you fail to reach the check point before time expires.

## RINGS

Within the game field, there are several rings. Excluding Tails and Dr. Eggman, all other characters can survive damage inflicted by enemies only so long as they are carrying at least one ring. When attacked, these characters will lose all the rings they were carrying. If a character is attacked while carrying no rings, they will lose a life. If the character is skilled enough to collect 100 rings, they will receive an extra life. For Tails and Dr. Eggman, collecting rings will recover lost HP little by little.

## POINT MARKERS

On High-Speed Action and Lock-on Shooting Stages, there are several point markers placed throughout the level that you can use to save your character's time and position within the course. If your character loses a life, the next life will start from the location of the last point marker touched with the time that was logged when the marker was originally touched. If you have a certain amount of rings when touching the point marker, you will receive a bonus item.

<b>More than 90</b>	Shield	<b>More than 40</b>	10 rings
<b>More than 80</b>	Speed up	<b>More than 20</b>	5 rings
<b>More than 60</b>	20 rings		

## BATTLING THE BOSSES

After clearing some stages, a "Boss" will appear. The life gauge of the boss will appear at the top right. Find its weaknesses and attack the boss to deplete its life gauge. If you deplete its life gauge completely, you will win the battle.

## PAUSE SCREEN

Press the Start Button while the game is being played to pause the game and bring up a Pause Menu. On Hunting stages (Knuckles and Rouge), the hints you have obtained will be displayed as well. Use **L/R** to cycle through hints, or press and hold both to stop cycling the hints.

<b>CONTINUE</b>	Resume gameplay
<b>RESTART</b>	Start over from the beginning of the stage
<b>EXIT</b>	Quit game

## CHAO CONTAINERS

Among the containers that appear on each stage, there are three light blue containers called Chao containers. The first Chao container contains a Chao key, which is a key to the Chao garden. The second contains small animals. What is inside the third one? You'll just have to find out for yourself.

## TECHNIQUE POINTS

Technique points are awarded in different ways for each type of stage. For Sonic and Shadow, you can earn them by performing tricks from the jump-boards or continuous Homing Attacks. For Tails and Dr. Eggman, defeating more enemies on one Lock-on will earn technique points. For Knuckles and Rouge, the amount depends on the number of hints you received (less hints, more points).

## OMOCHAO

Omochoa will act as your guide throughout the game, and can be found at various locations throughout most levels. You can even grab him and throw him at enemies.

## EMBLEMS

You are awarded an emblem for satisfying certain conditions, such as clearing a stage, Chao race, etc. You can verify the emblems and number of stages cleared in the Emblem Results Screen.

## SMALL ANIMALS AND CHAOS DRIVES

In each stage, you can rescue small animals hidden in many places. If you defeat enemies, you can collect "Chaos drives." Animals and Chaos drives are useful in raising Chao. For Tails and Dr. Eggman, Chaos drives will also recover lost HP by a little. If you rescue all small animals in the stage, you are also awarded an extra life.

## ITEMS

There are two types of "items" that can be collected in Sonic Adventure 2. A number of "Item Boxes" are located throughout the Action Stages as well as special "Level Up Items."

	<b>HIGH-SPEED SHOES</b> These shoes provide your character with a boost of speed for a limited time.		<b>MAGNETIC SHIELD</b> Attracts and collects all nearby rings until damage is sustained.
	<b>INVINCIBILITY</b> Use this item to destroy enemies without taking damage for a limited time.		<b>EXTRA LIFE</b> Adds an extra life to the total number of lives.
	<b>5/10/20 RINGS</b> Adds 5/10/20 rings to your ring collection.		<b>HEALTH</b> Restores all your HP (Tails and Dr. Eggman stages only).
	<b>SHIELD</b> Protects your character from damage one time only.		<b>BOMB</b> Destroys all onscreen enemies.

"Level Up Items" provide an enhanced ability or action that can be used for the rest of the game. Here are some examples of them:

	<b>LIGHT SHOES</b> Enable Sonic to perform the Light Dash.		<b>AIR SHOES</b> Enable Shadow to perform the Light Dash.
	<b>BOOSTER</b> Enables Tails to hover.		<b>LASER BLASTER</b> Powers up Dr. Eggman's Lock-on missile.
	<b>SHOVEL CLAW</b> Enables Knuckles to dig into the ground and walls.		<b>PICK NAILS</b> Enable Rouge to dig into the ground and walls.
	<b>MYSTIC MELODY</b> Allows characters to play a mysterious melody.

## KART RACE (1P PLAY/2P PLAY)

You can play against the CPU or another player in the Kart Racing Mini-Game, but you must first clear the Kart stage in either Hero or Dark Story Mode to enable this mode in 1P PLAY; you must clear the Kart stage of both stories to enable this mode in 2P PLAY.

You will race three laps in a game. If you collect 20 or more rings, you can activate a boost (press **Y**) for a short period of time.

## BOSS (1P PLAY)

You can play against the bosses of each story. You must have cleared either of the stories in order to be able to select this mode.

Please note that you can only select the story you have completed.

## CHAO RACE (2P PLAY)

You can have your Chao race against other players' Chao, but you must first participate in a Chao race in either Story or Stage Select Mode.

Chao Race uses your hand-raised Chao and allows for up to eight people to play. When racing with multiple players, the controller assignments are as shown on the diagram below. During the race, the odd-numbered players can root for their Chao with **L**, and the even-numbered players with **R**.

# ABOUT "CHAO"

In this game, there exists a mysterious artificial life form [A-LIFE] called "Chao." Chao live in an environment called "Chao world." They create a very unique ecosystem, learning and breeding according to the player's actions.

## MEETING CHAO

To meet Chao, you must find and collect a Chao key before clearing an Action Stage. After clearing the stage, you will be able to go to the Chao world.

## CHAO GARDEN

You can visit Chao garden from Chao world entrance. The following items can be found in Chao garden: Chao eggs, a tree with nuts (food for Chao) and seeds, a Chao transporter, and an Entrance to the Chao stadium.

Once you are in the Chao garden, the character will release Chao drives and small animals you have collected in the Action Stage. These are essential to transforming your Chao. Note that time in Chao garden passes only while you are present within the garden itself.

## RAISING CHAO

Chao hatch from eggs, and grow through infancy into maturity. While growing up, Chao appearances, personalities, and actions change according to the way they are treated by the player (i.e. "petting" vs. "throwing"). Be sure to provide your Chao with the items they need to thrive (Chaos drives, small animals, etc.).

### •Hatching an Egg

There are two eggs found in the Chao garden, so let's hatch them. First, approach the egg and press **B** to pick it up. Now gently shake the egg using the Analog Thumb Pad. After shaking the egg, place it back on the ground. Eventually, a Chao will come out. (Note: there are other ways to hatch an egg—try experimenting, since Chao personalities change depending on how they are first brought into the world.)

### •Giving Food

Chao grow up eating nuts from the tree. To obtain nuts, stand in front of a tree and press **B** to grab it. Next, use the Analog Thumb Pad to shake the tree. When the nut falls from the tree, give it to the Chao.

When there are no more nuts, find a seed. If you give it to the Chao, it will plant the seed.

## CHAO KINDERGARTEN

There is also a Chao kindergarten you can visit from the Chao world entrance. You take your Chao from Chao garden to check its health, or have it learn something. You can also get tips on how to raise Chao. To enter the room or leave Chao kindergarten, stand in front of the door, and press **A**.

### •Principal's Office

You can obtain tips on how to raise your Chao. Use **▲**/**▼** to select the menu item you wish to obtain tips on, and press **A** to enter.

### •Classroom

Here you can have your Chao learn something to do. You must bring your Chao from Chao garden.

- To take your Chao out, 128 blocks of free memory in the VMU are required
- You can only save one Chao and one Chao egg in a single VMU.
- If an executable file already exists on the VMU, saving will erase the previous file.
- The VMU mini-game is NOT compatible with 4X Memory Cards.

## USING THE CHAO TRANSPORTER

To transport Chao to the VMU, pick up the Chao, take it to the Chao transporter, and step on the red button. Next, select the memory card you wish to transport the Chao into.

## CHAO ADVENTURE 2

If you transport Chao to the VMU and remove it from the Dreamcast Controller, you can play a mini-game: "Chao Adventure 2."

### •How to Play

When the title screen is displayed, press both **A** and **B** to start the game. To quit the game, press the SLEEP Button to turn the VMU power OFF. During the adventure, when your Chao becomes hungry or tired, it will stop its adventure. Give it a snack or a pat on its head to cheer it up. In the course of the adventure, Chao may meet several people, some of whom may make requests. Your Chao may even ask you for help. The development of the adventure changes with the actions you select. You can lead your Chao to the goal with the correct selections.

## •Goal

There are two types of goals: a successful goal and a failure goal. If you reach the goal with correct selections, it will be the successful goal, and as a reward, your Chao will receive a "seed." Take it back to the Chao Garden, and something good may happen...?
